

For immediate Release May 14, 2020

ST. THOMAS PUBLIC LIBRARY DEVELOPING PLAN TO RESUME SPECIFIC SERVICES

St. Thomas, ON – As per the Government of Ontario’s May 14th released detail list of Stage 1 openings, public library services may resume for delivery and pickup as early as May 19, 2020. While St. Thomas Public Library (STPL) truly appreciates that library services are valued by the community, STPL is delaying an immediate launch of such services until processes and measures have been fully developed to ensure our staff’s and customers’ health and safety during these uncertain times.

“While work on these processes and procurement of necessary supplies has already begun, we are not yet in a place where we can predict exactly how, where and when these services will be rolled out,” says Heather Robinson, STPL CEO and Chief Librarian. “The Library will continue to keep everyone informed as decisions are made and plans confirmed. We truly miss our customers and want to ensure they are enjoying STPL digital resources and services while staying healthy.”

Above all, STPL is here for you! For any questions or concerns or to access the City’s Community Help Connect Line, please call the STPL main line at 519-631-6050 during current business hours from Monday to Friday 8:30 a.m. to 4:30 p.m. For more information and updates, please visit <https://stthomaspubliclibrary.ca/>
