

Transferring E-books from Adobe Digital Editions to Your Kobo Device

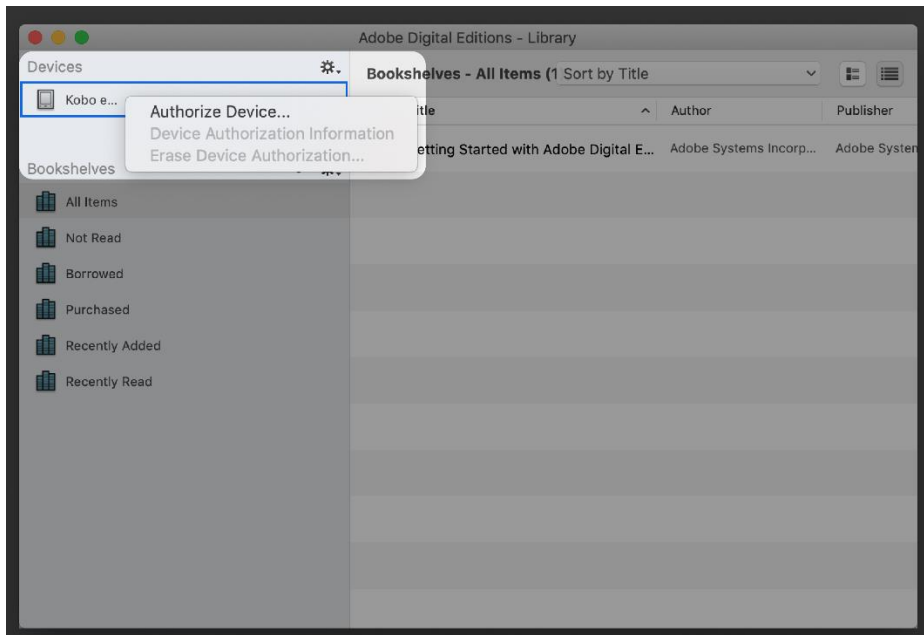

1. Turn on your eReader.
2. Connect your eReader to your computer using a Micro USB cable.

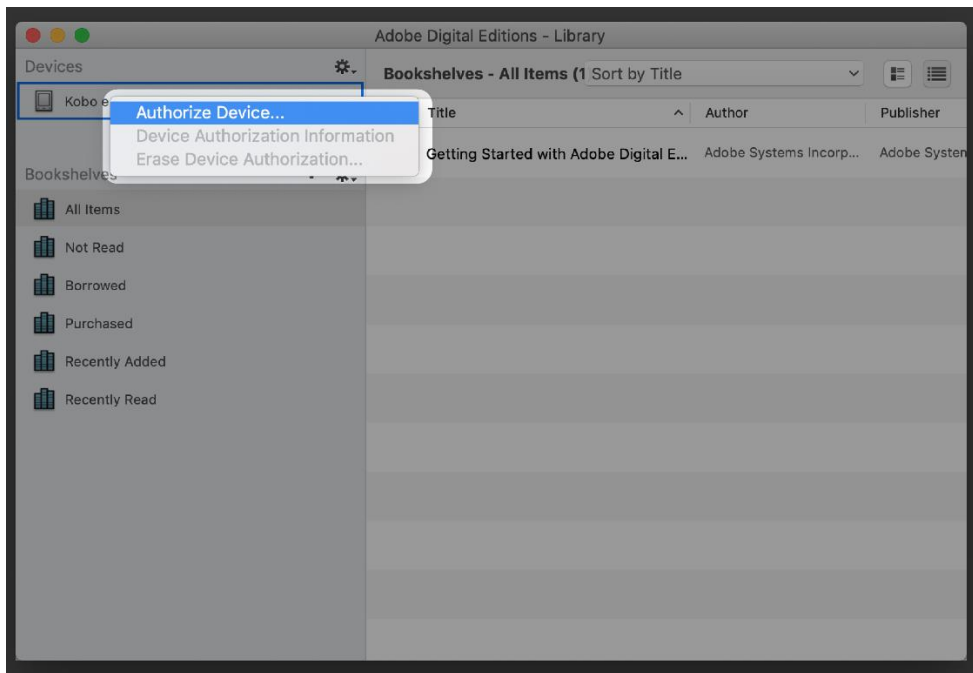

3. On your eReader: Tap **Connect**.

4. On your computer: Open Adobe Digital Editions
5. Under 'Devices', right-click on **Kobo eReader**.

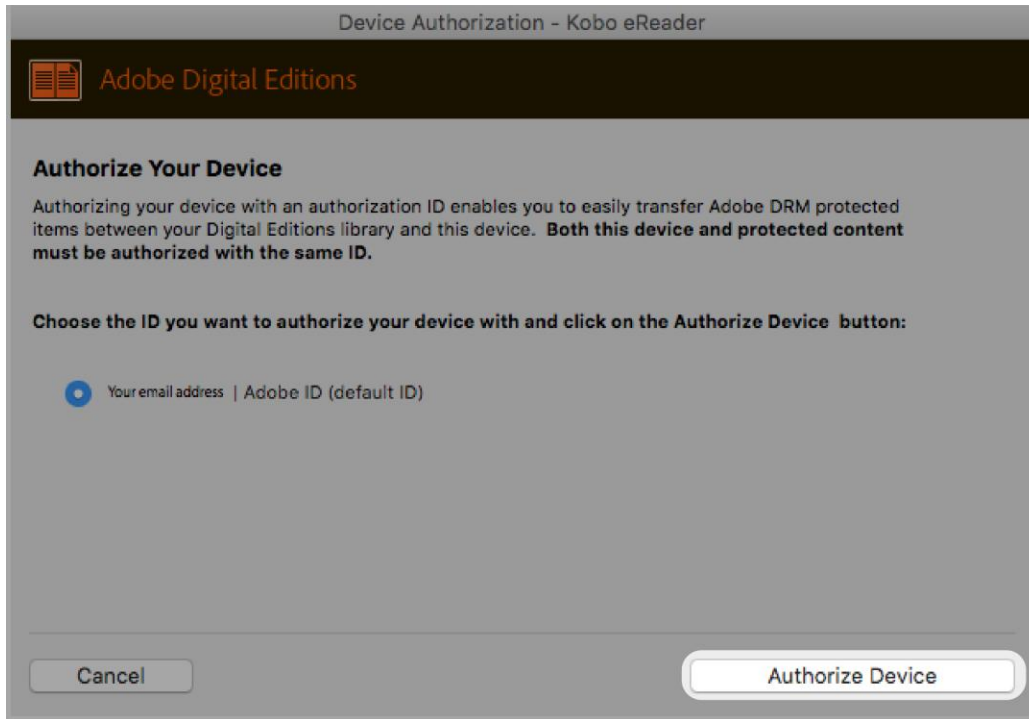

6. Click **Authorize Device**.

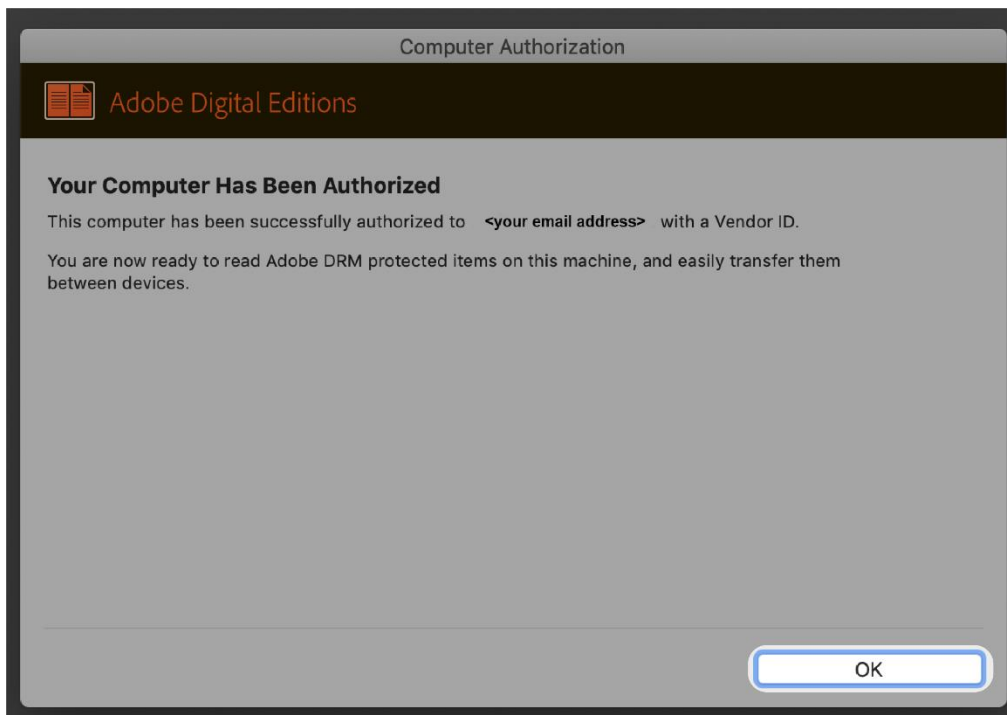

Tip: If you don't see 'Kobo eReader' under Devices, close adobe Digital Editions, then open it again.

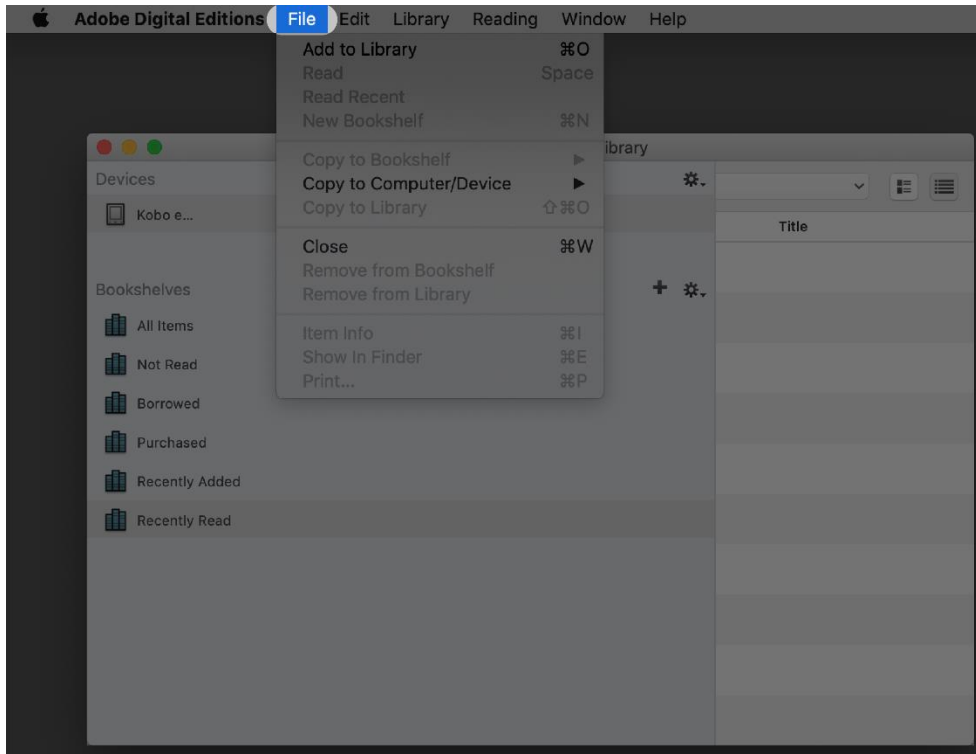

7. Click **Authorize Device**.

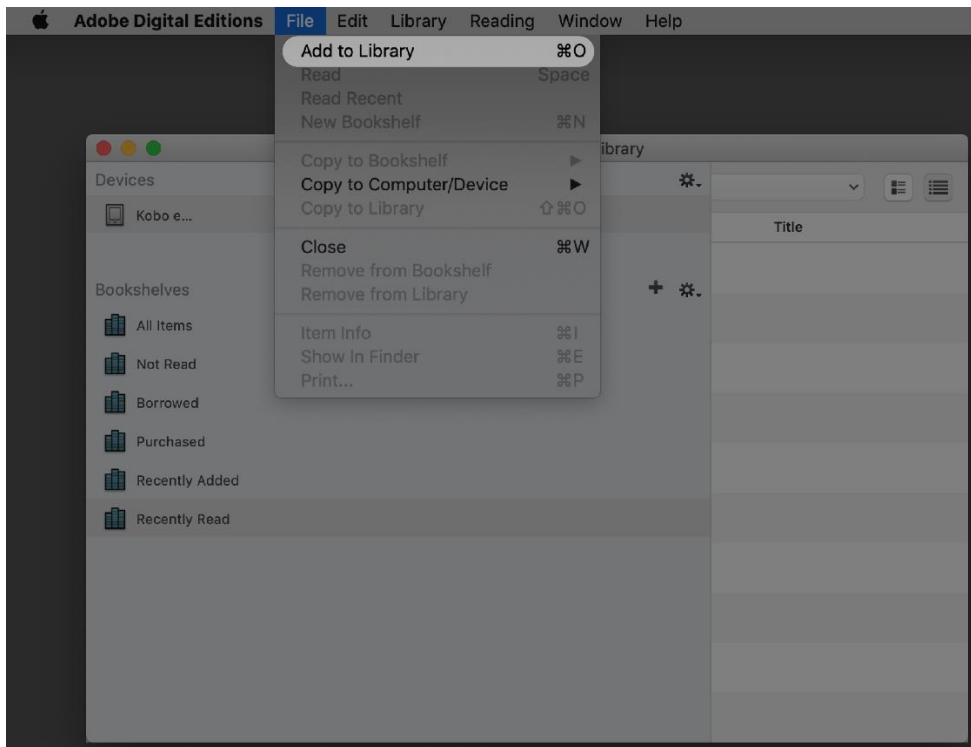

8. Click **OK** at the confirmation screen.

9. Click on **File** at the top of the screen.

10. Click **Add to Library**. A browse window will appear.

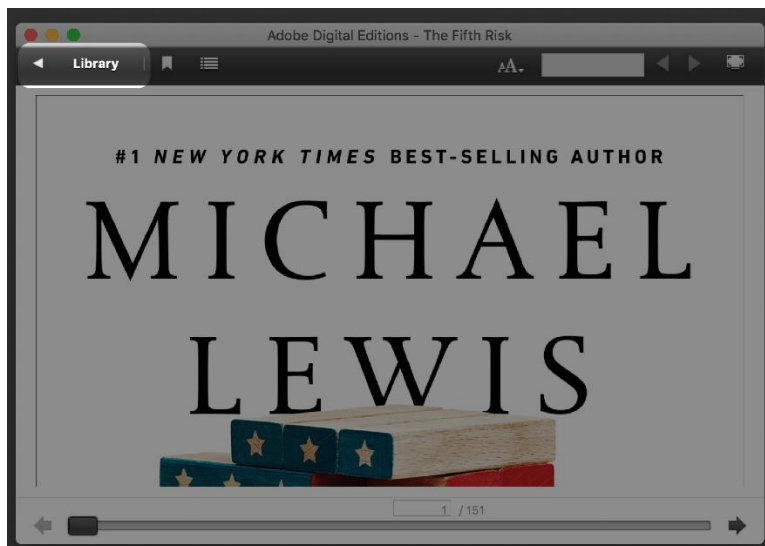

11. Browse for the .acsm file:

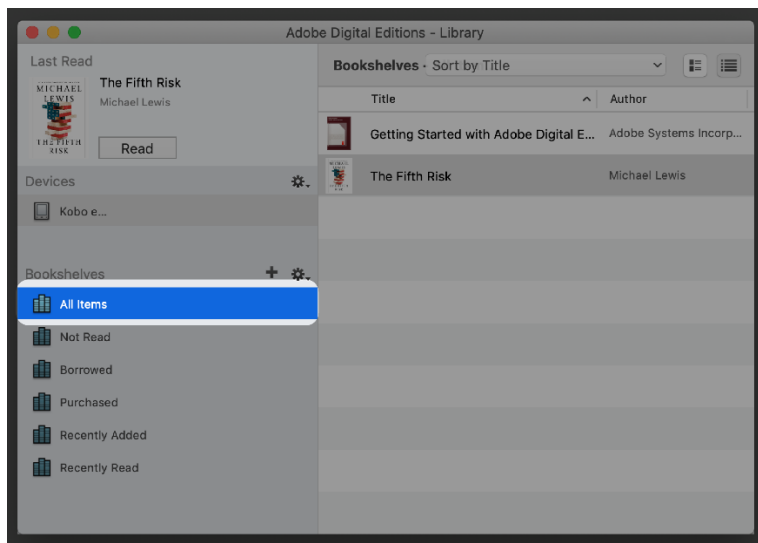

- On a PC: Click the “E-Books” drop-down menu and select **Adobe Content Server Message**.
- On a Mac: Click **Options**, then click **ACSM Files**.

12. Select the .acsm file, then click **Add**. The book will open.

13. Click **Library** at the top-left corner of the screen to go back to the ADE home screen.

14. Click **All items**.

15. Select your new book and drag it to the Kobo EReader bookshelf (listed on the left side under Devices).

16. Eject your eReader and unplug the Micro USB cable from your eReader. The book will appear in your Library.

To see the books you added, go to the 'My Books' menu on your eReader. Tap **Filter** at the top of the screen, then select **Imported**. You'll see all the items you've added with Adobe Digital Editions.
