- Printing (Colour) \$1.00/page
- Printing (Black & White) \$.25/page
- Microfilm Reader/Printer copies \$.35/page

Maker Lab Equipment and Materials:

The price of using Maker Lab equipment is dependant on recoupment costs for materials used (vinyl, filament, paper, etc.), and on maintenance costs of the equipment over time. When determining pricing in the Maker Lab, a strong consideration is to be given to the need for low-cost access to participation in the space. Waiving of material costs for specific programs and services is at the discretion of Library staff.
